

# Lakeside Sportsmans Club **THE BULLETIN**

– April 2010 –

## President's Message

Talk about starting off with a bang! I trust everyone survived the earthquake without injury or damage. We had two people at the property who were wondering about their future for a while. Our caretaker was knocked about and unable to stand up. He thought the cabin was going to fall off it's foundation. Wayne Kline saw the water tank doing a dance and thought it was going to walk off down the hill. After careful examination of the camp property it appears that we dodged a bullet, so to speak. Both Wayne and Chris Donofiro said they experienced several aftershocks for days. Jean and I were at the camp the next day and were amazed that all of our precariously perched rocks were still in place.

The Calendar of Events will be included with this Bulletin. The first event will be the Fishing Contest. It will be taking place at Lake Cuyamaca and I'll be judging for biggest trout at the Ranger Station at 1:00 – 1:30 P.M. Remember there is a \$10.00 entry fee which is to help pay for the trophies, no charge for juniors. I hope to see some of you there and good luck to all of you hardy souls. I can remember when I reported in rain, sleet and even snow to try my luck. I've only won a trophy occasionally because there weren't enough competitors. I'm not much of a fisherman so here's your chance for an easy trophy and some fun in the mountains and hopefully some sunshine.

There is some NRA business to announce for the near future. There's some whacked out Assemblyman who has introduced a Bill AB1810 which will require everyone to register their long

gun, which includes shotguns and rifles (including 22 rimfire). You might say "I did that when I purchased it". That is not true! What you did was get cleared to purchase the long gun. There is no make/ model/ serial # or caliber submitted to the state for a long gun purchase. This Bill will require you to do so for future purchases. Our web site has these NRA Alerts listed if you don't already get them.

The annual Memorial BBQ is quickly approaching and there is a lot to do and think about. The Board of Directors will be having a Board meeting April 15th to discuss action items and plan for the work party in May. We will need lots of help before, during and after the BBQ. Don't be surprised if you get a call. There are lots of different ways to help. Donating items for the raffle, helping with the serving line, prepping the meat the night before, work parties, etc... There will be a flyer included with this Bulletin. Please make copies and distribute them around.

The following is a list of the areas for your consideration for helping out:

MEAT PREP WRAPPING MEAT  
PIT CREW SERVING LINE CLEAN UP  
KIDS GAMES BINGO HORSESHOES  
RAFFLE SALES COLLECT/SELL TICKETS  
SPLATTER BOARDS FINAL CLEAN-UP

Please help out and let us know. Thanks.

Our Treasurer will be sending out reminders if you have forgotten to pay your annual membership dues and /or trailer fees.

Please do so ASAP.

---

## Calendar of Events
