

Lakeside Sportsmans Club THE BULLETIN

– March 2010 –

President's Message

I commenced writing this Bulletin with the sun shining brightly, a rare occasion lately. We had our installation, trophy presentation and wonderful potluck dinner last Saturday. I figure if I mention sunlight that some of you out there might read it to see what's going on since it's obvious that some of you don't cotton too much to the rain. We had 16 attend the installation and 4 of those were guests. So, for now I would say we are off and crawling for the New Year. Anyway, the food was fantastic and way too much of it because I sampled it all.

It does promise to be another good year for the Lakeside Sportsmans Club. With

the final audit for the year the Club had a profit of over \$1200. The tractor will be paid for in just four months and the materials for repairing the caretaker's cabin paid off in two months. The campground has two working diesel generators thanks to some hard work primarily by Clint Schultz. Wayne Kaltner repaired several target stands and donated several outdoor tables for the trap range. Now I won't have

to spend so much time repairing and painting some tables for the inter-club trap shoots. Thanks Wayne!

I needed to get out the Bulletin early because we've been notified by the Lakeside Historical Society that the meeting hall will not be available the 18th due to another event being in conflict. The Board meeting will be at our old stomping grounds at the Bonita Views clubhouse in Bonita off Briarwood Road. The time will be the usual 7:00 P.M. and members are welcome to attend to observe the Board conducting the business of the Club. I'll include a map just in case you want to attend and

have forgotten where it is. The other change in March's schedule, as you have by now figured out, is that Daylight Savings time didn't occur on the 7th. Of all the calendars I could've used to make out the annual schedule, the one I chose had it wrong. Of course I could say I was just testing you guys to see if you were paying attention. The rest of the schedule will of course be discussed at the Board meeting.

We had a turkey shoot and a fun trap shoot the end of February and was it ever woolly. It started out with a great breakfast prepared by Wayne Kline. Thanks Wayne! We then had an excellent turnout for the turkey shoot with 14 shooters. The club made \$90 on that deal and two of our members split the other \$90. The weather was a little cool at this stage but tolerable. Then we had the first half of the trap shoot

and the weather just got cooler and with a few showers. We decided to call the shoot on account of weather. All in all it was still fun and the club made \$338 on the day! Thanks to all who participated.
