More on the new caretaker in the next newsletter, some of the old time members should recognize this person.

For all of the members that participated in the work party, THANK YOU. The campsite shows the work that was put into the effort. We did get just a little wet from the rain that day. (Some of got real wet)

The board has sent letters out to owners of trailers that have expired tags, and what we have learned is several members have kept up their registration but did not put the tags on due to being concerned the tags or license plate would be removed. We understand and now that we know the board will work with the owners of these trailers.

Turkey shoot scheduled for the 30<sup>th</sup> of August was cancelled due to RAIN!!!!

Don't forget to visit the web site for all late breaking news about the club and upcoming events.

She also said they would be covered by our insurance. No objection, request was approved.
